

Air Brake Q Endorsement (BRKE-111)

Learn to operate vehicles equipped with air brakes, including trucks and large RVs.

You will learn:

- How to perform a pre-trip inspection
- How to operate vehicles with air brakes
- Preparation for the theoretical assessment administered by Alberta Registry

About the Q Endorsement

The Alberta government requires the operator of any commercial or recreational vehicle equipped with air brakes to have the Q endorsement on your Alberta operator's licence. You must complete the Air Brake Q Endorsement course before registries will add this endorsement.

Two-day course

Saturday & Sunday 8:00 AM – 5:00 PM
(Sunday is test day - times may vary)

Tuition (subject to change): \$260.00

Air Brake Instructor Certification (BRKE-333)

Develop your instructional skills by taking this "train-the-trainer" Air Brake Instructor certification course.

You will learn:

- A review of all aspects of air brakes including air brake circuits, components and theory of operation
- Proper maintenance procedures to keep the system at peak efficiency
- How to develop lesson plans from objectives
- How to present two practice-teaching sessions
- How to perform a pre-trip inspection

You must be approved by Alberta Transportation to enroll in this course. Please contact a Drive Programs Administrator at 780.427.8901 for more information. For toll-free calls from anywhere in Alberta, first dial 310.0000.

Three-week course

Saturday & Sunday 8:00 AM – 5:00 PM

Tuition (subject to change): \$1175.00

Upcoming Course Dates

- March 10-25, 2018

School of
Transportation
